

ECOTEL® Feature Overview

GSM gateways with a full set of features for maximum benefit

With ECOTEL® gateways from VIERLING, you don't have to worry about these issues: ECOTEL® GSM gateways provide a full set of features, a fair pricing policy for accessories and above all, maximum cost transparency with no additional licenses required to use standard features.

With ECOTEL® gateways, you can be confident that the equipment you purchase is compatible with your PBX. This is ensured through ongoing tests performed by VIERLING with all of the leading PBX manufacturers.
